**NIGHT PAVING SCHEDULED ON NH 33 AND NH 125  
IN STRATHAM, EPPING AND LEE**

The New Hampshire Department of Transportation announces night paving is scheduled to begin Sunday, August 27 on a two-mile stretch of NH Route 33 in Stratham. This paving work will run from the Stratham traffic circle to the New Hampshire Community Technical College nightly through Thursday, August 31.

Night paving is also scheduled to begin on Tuesday, September 5 on 3.5 miles of NH Route 125 from Old Nottingham Road in Epping to a quarter mile north of the intersection of NH 152 in Lee. This work will run through the night of Wednesday, September 13.

Work hours for these paving operations will be from 7:30 pm until 8:00 am. Lane closures will be necessary in order to complete the work. Uniformed officers will assist motorists through the work zones.

This project also includes new traffic signals at the intersection of NH 125 and NH 152 in Lee, new guardrail and drainage work. Pike Industries of Belmont, New Hampshire is the contractor for the \$2.6 million project, which is scheduled to be completed in October 2006.
